SUBJECT: SARG DENIES HAVING THREATENED MURR

¶1. (U) The official Syrian Press Agency (SANA) September 28 published a denial of statements attributed to Lebanese Defense Minister Elias Murr in which he said that Syrian intelligence officials in Lebanon threatened him months before he was severely injured in a car-bombing assassination attempt. Murr made his accusation in an interview he gave in Europe after the maiming of Lebanese journalist May Chidiac in a September 25 Beirut car bombing.

¶2. (U) The SANA statement quoted an anonymous "information source" denouncing Murr's statements and calling them "lies and fabrications." The source said the Murr statement contradicts "the simplest rules of credibility and facts." The source also expressed astonishment that Murr would try to spoil the positive atmosphere created by Syrian cooperation with the Mehlis team investigating the assassination of Hariri. The source was quoted as saying that Murr was guilty of joining the chorus of those "accusing Syria right and left."

¶3. (U) The SANA statement was carried on the front page in all three Arabic-language dailies, as well as on the front page of the English-language daily Syria Times (all government-owned).
